RE: Contractors Protection Plan

Thank you for choosing Contractors Rental Supply for your rental equipment needs.

As an additional service to our account customers, Contractors Rental Supply offers an optional Contractors Protection Plan. This "Contractors Protection Plan" (CPP) will help reduce the cost to you for loss or damage to equipment while on rent under normal working conditions. The charge will be 14% of the rental price and will be automatically applied at the time of rental if you choose to accept the CPP. To decline the coverage is your option.

What it Covers:	What it does not cover:
Loss or Damage occurring to the rental equipment while on rent and used under normal working conditions.	Equipment that is used for a purpose for which it was not designed.
	See items #13 and #14 of Terms and Conditions on the back of the CRS rental contract (copy attached).
	Damage to tires.
	Misuse, abuse, or intentional damage.
	Mysterious disappearance.
	Equipment not maintained or not maintained correctly.

Please indicate on the page attached whether you wish to accept or decline the coverage. If you choose to decline, you must provide us with your insurance information. If you choose to accept the coverage, CPP will be charged on all future rentals or until we are notified of your elected change by mail or fax. If you do not complete and return the attached page, you will be charged CPP automatically. Please mail to the address or fax to the fax number on this letterhead, your completed form. The Contractors Protection Plan will be implemented beginning May 1, 2006.

Please feel free to contact us if you have any questions or concerns.

We appreciate your business and look forward to serving you.
